

Savoy-O'Neill, Aidan

Intake: Aunt- Annette Ribeiro 2/25/2025

Aiden stated that his father was manipulative, but he was also extremely mean and abusive.

Aiden's biological mother, Kimberlin broke up with his dad (Damien) when Aiden was 4 years old.

Alcohol and drugs were probably used during pregnancy – but we don't know how much. Aiden's mother was an addict.

Aiden's grandfather – definitely uses alcohol – but he's now managing it, and used to drink more. As a child Aiden's grandfather was put in orphanage – his father and mother dumped him.

When was Damien (Aiden's father) was one year old – his biological mother gave Damien drugs as a child – Damien's step-mother was a narcissistic cruel person – by age 18 he was using drugs and he has had so much anger – he was abused. Damien got jobs but never kept one.

Aiden's half-brother (Patrick) died on drugs. Aiden's biological mother was the only love for Aiden.

Stepmother – Diana – she and her children moved in with Damien when Aiden was 4 years old – it was a chaotic family. She told everyone that Aiden and her brother Erin would be treated as her sons – but she did not do that at all. She focused on her own children and gave them better food and love than she gave to Aiden and Erin.

Aiden came to stay with Annette with his brother Erin – when Diana moved the family to Oregon a few years ago. But after a period of time Aiden and Erin moved to Oregon because Damien was allowed to wait to go into jail if his sons were living him. (Damien was supposed to go to jail – due to selling drugs – for many years; however, he only went for about less that 2 years). Damien often pushed his sons around, screamed at them and told them they were idiots and ugly, etcetera.

Aiden – ASD? Annette things that Aiden may be on the autism spectrum. I will look into that.

When Aiden's father was in jail he got a cell phone (which was illegal) and would call to Aiden and Erin for lengthy times and tell them terrible things about Annette and tried to manipulate them from staying with Annette.

There was a lot of verbal abuse, and there may have been some physical abuse.

Diana also yelled at the boys and called them ADHD, Autistic, and retarded! ,

Father seemed to try to drown both boys – twice, by holding there heads under the water in the bathtub.

Annette is teaching them, "I see him as smart, but he needs a lot of help to learn to take care of himself, he's just starting to make a friend."
