

Elea Bernou, Psy.D.
Parent Questionnaire

Please complete this form as accurately and thoroughly as possible. Although there may be details that you do not remember, the more information that you can provide, the more thorough the evaluation will be. Attach additional information or explanation as needed.

NOTE: IT IS VERY IMPORTANT TO FILL OUT THE SECTION ON PREVIOUS TREATMENTS AND DIAGNOSES.

Name of person completing this form: Justin White

Date: 1/17/25

Relationship to child: Father

Name of person you consulted in completing this form (if any): N/A

Relationship to child:

Address: 4008 Canyon Rd

Home Phone:

City/State/ZIP: Lafayette, CA 94549

Work/Cell Phone: 646-229.9211

CHILD INFORMATION

Name: Naomi White

Gender: F

Age: 10

Grade in school: 4th

School: Happy Valley Elementary

Ethnicity: Mixed

Birthdate: 10/02/2014 _____

PURPOSE FOR EVALUATION

State your primary concerns about this child:

Given Naomi's twin brother, Hunter White, was recently diagnosed with ADHD, we want to check all our children to see if they are all affected.

Naomi is an exemplary student, however, her 3rd grade teacher routinely complained about her "day dreaming". Naomi has shared with me that she often has to re-read pages in her books because she wasn't paying attention to what she was reading. She always gets perfect report cards, so far she isn't unduly affected by anything, but if she has ADHD, it could become more of an issue as academics become more rigorous.

Indicate any possible causes for these areas of concern:

What specific questions do you hope to have answered by this evaluation? Does Naomi have ADHD.

FAMILY HISTORY

List every person who lives at home with this child (indicate relationship to child). If child lives in more than one household, please describe custody arrangement.

Justin White (father), Nicole Irvin (mother), Hunter White (brother), Naomi White (sister)

BIOLOGICAL MOTHER

Biological mother's name: Nicole Irvin

Occupation: Managing Director, Goldman Sachs

Age: 47

Level of education attained: MBA

Marital status: Married

Indicate if this child is the product of a 1st, 2nd, or subsequent marriage: 2nd

Describe any health problems: N/A

Describe any psychological/emotional problems:

Describe any learning problems: N/A

Describe all pregnancies of the biological mother below.

Year	Type (full-term, premature, miscarriage, etc.)	Gender	Health problems
------	--	--------	-----------------

2014	Twin birth via IVF, 36.5 weeks, M/F, placenta previa		
------	--	--	--

2016	singleton birth, natural conception, 41.5 weeks, M		
------	--	--	--

BIOLOGICAL FATHER

Biological father's name: Justin White

Occupation: Head of Sales, QuinStreet

Age (if deceased, state age/cause): 49

Level of education attained: MBA

Marital status: Married

Indicate if this child is the product of a 1st, 2nd, or subsequent marriage: 1st

Describe any health problems: N/A

Describe any psychological/emotional problems: Being assessed for ADHD, otherwise no

Describe any learning problems: N/A

Describe the relationship between this child's biological parents (check all that apply):

☐ Never married	☐ Separated after _____ years of marriage
☒ Married for _____ 13.5 _____ years	☐ Divorced after _____ years of marriage
	☐ Widowed

Describe your current relationship (check all that apply):

☐ Stable

☐ Unstable

☒ Married for 13.5 years

☐ Not in a relationship

List information for adoptive parents, stepparents, or principal guardians below.

Name/relationship to child	Age	Occupation	Health/psychological/learning problems
----------------------------	-----	------------	--

N/A

Primary caretaker(s) of this child in the first year: Parents

Primary caretaker(s) of this child from first year until present: Parents

List information for siblings, half-siblings, and stepsiblings below.

Name/relationship to child	Age	Grade	Health/psychological/learning problems
----------------------------	-----	-------	--

Hunter White, brother, 10, 4th, ADHD

Phoenix White, brother, 8, 2nd, N/A

Check all of the following conditions that are in this child's biological family history. Specify condition and maternal or paternal relationship to child.

Inherited/genetic condition:

Birth defect:

Cerebral palsy/neuromuscular disorder:

Delayed development:

Learning disability:

Dyslexia:

ADD/ADHD: Possibly. We're determining if parents have ADHD

Hearing problem:

Vision problem:

Thyroid or other hormone disorder:

Cancer:

Alcoholism:

Drug abuse:

Schizophrenia:

Bipolar disorder:

X Depression: Father

Autism/Asperger's Syndrome:

X Anxiety: Mother treatment with buspirone, doctor thinks is more situational

Suicide:

Other:

Check and describe any significant family events (indicate date or child's age at time of event):

Marriages, separations, or divorces:

Accidents, illnesses, or deaths:

X Family moves: Family moved from Belmont, CA to Lafayette, CA in 2021 when Naomi was 6 years old

Job changes or financial problems:

Other:

PRENATAL HISTORY

Was this pregnancy planned? Yes. How easy was it to conceive? Challenging. Years of IVF were involved.

Describe the parents' attitudes toward this pregnancy: Excited

During this pregnancy, how was the biological mother's general health? For a twin pregnancy, Nicole had a good, healthy pregnancy.

Nutritional intake? Plentiful

Amount and type of exercise? Almost no exercise was reasonable given th

How much weight was gained? ~80_lbs. How active was the baby? Babies showed normal activity

How was the biological mother's emotional health? Good

Describe any life stressors during the pregnancy: Mother has an intense job

Describe any medical complications or conditions during the pregnancy (bleeding, excess vomiting, high blood pressure, etc.): placenta previa, active uterus / frequent contractions, worked from home for a long time

List any medical procedures performed (other than ultrasounds): N/A

List any prescribed or over-the-counter medications or injections received during the pregnancy.

Medication	Reason taken	Amount	Frequency	Taken in which month(s)?
Probably took over the counter allergy medication				

Specify any alcohol, tobacco, or drug use during this pregnancy (amount, frequency, and in which gestational month used): None

Describe any exposure to environmental toxins (e.g., paint, chemicals): None

BIRTH HISTORY

Child's birthdate: 10/02/2014 Birth weight: 5 lbs. 12oz. Length: in.19

Birth location (hospital name, city, and state): Lucille Packard Hospital, Palo Alto, CA

Type of birth (circle one): vaginal routine c-section emergency c-section

Presentation (circle one): head breech other (describe):

Was your baby on time, early, or late? Early 36.5 weeks By how many days/weeks? 3.5 weeks

Specify type of anesthesia used (if any): epidural Apgar scores:

If labor was induced, specify induction method: Labor duration: hrs.

Describe any medical complications or conditions during labor:

Length of hospital stay: 4 days Mother's health after delivery: Normal

Check and describe in detail any of the following issues (specify treatments given, if any):

Umbilical cord around neck:

Breathing issues:

Jaundice:

Poor suck/feeding/couldn't latch:

Other:

How did you and/or your partner feel in the first days after the birth? Excited, scared, exhausted

Describe the home environment during the early weeks of the baby's life: Good for the babies, intense for the parents. Good adherence to routine, a lot of attention, 100% breastfed, healthy babies

DEVELOPMENTAL HISTORY

Compare this child's motor development to that of peers (circle one): early on time late
 Compare this child's language development to that of peers (circle one): early on time late
 Compare this child's social development to that of peers (circle one): early on time late

MOTOR DEVELOPMENT

Indicate the age at which this child demonstrated the following abilities (approximate normal limits in parentheses):

Roll over (3-5m) 4	Walk unassisted (11-16m) 10
Sit unsupported (5-7m) 5	Run well (2y) 2
Crawl (5-8m) 6	Ride a tricycle (3y) 3
Get dressed unassisted (4y)	Tie shoes (?y) 5-6
Toilet trained (3-4y) 3	

Describe toilet training methods and how child responded to training:

Hand preference (circle one): right left

If this child is left-handed, name any other family members who are left-handed (indicate relationship to child):

Indicate any current motor problems: None

Describe current level of motor activity: Strong athlete

LANGUAGE DEVELOPMENT

Indicate the age at which this child demonstrated the following abilities (approximate normal limits in parentheses):

Babble with sound (?m)	Follow simple commands (?m)
Say words with meaning besides mama/dada (12m)	
Put two or more words together in a simple phrase (?m)	

Describe this child's vocabulary: Excellent

Describe this child's articulation: Excellent

Describe this child's comprehension: Excellent

Indicate any current language problems: N/A

SOCIAL/EMOTIONAL DEVELOPMENT

Indicate the age at which this child demonstrated the following abilities (approximate normal limits in parentheses):

Smile (2m)	Shy with strangers (6-10m)
Separates from parents easily (2-3y)	Cooperative play (4y)

Does this child have a strong attachment to mother? Yes

Does this child have a strong attachment to father? Yes

Describe any separations from either/both parents (indicate child's age, duration, reaction):

N/A

How long did the child sleep in the parents' bedroom? Not at all

In the past, has the child shared a bed or a room? At what ages, and with whom? Shared a room with her twin brother from birth through 6 years old

Does the child currently share a bed or room? With whom? No

Describe this child's early peer interactions: Normal - Good

Describe this child's current interactions (many/few friends, duration of friendships):

Many friends – highly social

Does this child frequently get into arguments or fights with peers? No

How does this child relate to younger children? Yes

How does this child relate to older children? Yes

How does this child relate to adults? Very well

How does this child relate to siblings? Good, but can be a little insensitive to her twin brother

How does this child relate to extended family members? Good

Describe this child's ability to express feelings: Very good

Describe any fears or phobias: N/A

Describe this child's personality as an infant: Confident, upbeat, energetic

As a toddler: Same

As a 3-5 year-old: Same

As a 6-8 year-old: Same. Naomi is gregarious, confident, and easy going

As a 9-10 year-old:

As an 11-12 year-old:

In middle school:

In high school:

Indicate any current social or emotional problems: N/A

BEHAVIOR

Describe this child's compliance to parental directives: Very compliant

Describe methods of discipline employed and their effectiveness: Very little discipline required.

Are parents consistent with discipline most, some, or none of the time? Generally, yes. It's not a regular requirement with Naomi, so there's not much to be consistent about

Indicate any current behavioral problems: N/A

Indicate any specific learning disabilities: None

Indicate any attention or behavior issues: 3rd grade teacher noted Naomi day dreams

Describe this child's motivation level: Moderately high

Describe this child's current and prior involvement in extra-curricular activities: Year round sports, and constantly desirous of playdates and sleepovers with friends.

Describe this child's hobbies and special interests: Sports, friends

TREATMENT/EVALUATION HISTORY (IMPORTANT)

Please list all **previous diagnoses** (psychiatric, learning disabilities, speech/language diagnoses, occupational therapy diagnoses, developmental disorders etc.): N/A _____

Describe this child's **counseling and psychotherapeutic history**. Specify therapist's name, type of therapy (e.g., family, individual, group), duration, and reasons for treatment.

1. Dates started/ended: N/A

Type of therapy:

Professional's name:

Reason for treatment:

Continued: ____

2. Dates started/ended:

Type of therapy:

Professional's name:

Reason for treatment:

Continued: ____

3. Dates started/ended:

Type of therapy:

Professional's name:

Reason for treatment:

Continued: ____

4. Dates started/ended:

Type of therapy:

Professional's name:

Reason for treatment:

Continued: ____

Please continue on backside of paper if number of therapists exceeds four.

Describe this child's **other therapeutic history** (speech, occupational, or vision therapy, etc.). Specify therapist's name, type of therapy, duration, reasons for treatment, and results.

1. Dates started/ended: N/A

Type of therapy:

Professional's name:

Reason for treatment:

Results: ____

2. Dates started/ended:

Type of therapy:

Professional's name:

Reason for treatment:

Results: ____

3. Dates started/ended:

Type of therapy:

Professional's name:

Reason for treatment:

Results: ____

Please continue on backside of paper if number of therapists exceeds three.

Describe this child's **tutoring/educational therapy history**. Specify tutor/educational therapist names, subject, duration, and results.

1. Dates started/ended: N/A

Subject: Reading

Professional's name:

Results:

Results cont.: ____

1. Dates started/ended:

Subject:

Professional's name:

Results: __

Results cont.: __

Please continue on backside of paper if number of tutors/educational therapists exceeds two.

Describe any additional treatment that this child has received (e.g. behavior management programs/camps).

Date/duration	Type of therapy	Professional's name	Reason for treatment
---------------	-----------------	---------------------	----------------------

N/A

Describe any **prior testing or evaluations** that this child has received (neuropsychological, through schools).

Date	Type of evaluation	Evaluator	Results/conclusions/diagnoses
------	--------------------	-----------	-------------------------------

N/A

Has your child had an individualized education plan (IEPs, 504 Plans)? No

If yes, what Special Ed designation did your child qualify under (SLD, SLI, OHI)?

If yes, when was the first plan written?

List any interventions that have not been described above: Happy Valley Elementary has put him in their Reading Lab to give him additional support with reading.

MEDICAL HISTORY

Current medical status and diagnoses: None

List current medications below. Prescribing physician's name:

Medication	Amount	Reason taken	Since when?
None			

Past medical status and diagnoses:

List past medications (indicate reason and duration taken):

Date of last vision test: Results:

Date of last hearing test: Results:

Check and **describe** any history of the following (include dates and/or duration):

Head trauma, spaciness, or loss of consciousness:

Seizures:

Hospitalization or surgery:

Serious illness or infection:

High fever:

Ear infections (how many?):

Unusual and/or repetitive behaviors (flapping, noises, etc):

Hearing/vision problems:

Asthma or allergies:

Sleep issues (difficulty falling asleep, nightmares, etc):

Toileting issues (bedwetting, etc):

Temper tantrums or crying fits:

Alcohol/tobacco/drug use or abuse:

Other:

List any concerns about this child's eating habits, nutrition, or growth: None

ACADEMIC HISTORY

Please summarize this child's academic progress and performance. Name the school attended and indicate strengths, weaknesses, concerns, grades, and any other significant details.

Preschool: Merry Moppet Elementary

Kindergarten: Merry Moppet Elementary.

Grade 1: Happy Valley Elementary. Perfect report cards

Grade 2: Happy Valley Elementary. Perfect report cards

Grade 3: Happy Valley Elementary. Perfect report cards, however, as noted above the teacher flagged that Naomi had a tendency to day dream in class

Grade 4: Happy Valley Elementary. Perfect report card

Grade 5:

Grade 6:

Grade 7:

Grade 8:

Grade 9:

Grade 10:

Grade 11:

Grade 12:

ADDITIONAL INFORMATION

Describe this child's greatest strengths: Very smart, and as a disposition to be structured and rigorous. Easy going and adaptable. Athletic, fun, and gregarious.

Describe this child's greatest weaknesses: Naomi, arguably, doesn't challenge herself enough with her reading.

Is there anything else you wish to add that has not been covered by this questionnaire?

BEHAVIORAL RATING SCALES

Rate the following behaviors on a scale of 0 to 3. For behaviors marked with an asterisk (*), please add an additional description if it applies to your child.

- 0 = has NEVER evidenced this behavior
- 1 = does not evidence this behavior now, but has IN THE PAST
- 2 = does evidence this behavior SOME OF THE TIME
- 3 = does evidence this behavior OFTEN

- 0 Fidgets
- 0 Has difficulty remaining seated
- 0 Is easily distracted
- 0 Distracts others
- 0 Annoys others
- 0 Blurts out answers to questions before they have been completed
- 0 Has difficulty following instructions
- 0 Has difficulty sustaining attention/focus
- 0 Moves from one activity to another without completing things
- 0 Has difficulty playing quietly
- 0 Talks excessively
- 0 Interrupts or intrudes on others
- 0 Seems to "not listen"
- 0 Loses things
- 0 Forgets things
- 0 Forgets to turn in homework, even when it is completed
- 2 Engages in physically dangerous activities* (*please describe below*)
- 0 Acts impulsively in academic work
- 0 Acts impulsively in social, family, or community settings
- 0 Is inattentive in some situations and very focused in others
- 0 Has more trouble focusing than peers
- 0 Loses temper
- 0 Argues with adults
- 0 Actively refuses adult requests
- 0 Deliberately annoys others
- 0 Blames others for own mistakes
- 0 Is touchy or easily annoyed
- 0 Is intense
- 0 Is angry, resentful, spiteful, or vindictive
- 0 Swears or uses obscene language

- 0 Often worries about loved ones
- 0 Often worries about separation from loved ones
- 0 Persistently refuses to go to school
- 0 Persistently refuses to sleep alone
- 0 Persistently avoids being alone
- 0 Has repeated nightmares
- 0 Voices frequent somatic complaints (e.g. stomachaches, headaches)
- 0 Worries about the future
- 0 Worries about past behavior
- 0 Worries about competence
- 0 Displays marked self-consciousness
- 0 Needs a lot of reassurance
- 0 Has a hard time relaxing
- 0 Avoids or is fearful of social situations
- 0 Avoids or is fearful of unfamiliar peers
- 0 Avoids or is fearful of adults
- 0 Displays a persistent fear of being embarrassed
- 0 Has difficulty making friends
- 0 Is overly affectionate
- 0 Is excessively familiar with unfamiliar people
- 0 Experiences panic attacks

*Please elaborate on any answers noted with "please describe below"

Rate the following behaviors on a scale of 0 to 3.

- 0 = has NEVER evidenced this behavior
- 1 = does not evidence this behavior now, but has IN THE PAST
- 2 = does evidence this behavior SOME OF THE TIME
- 3 = does evidence this behavior OFTEN

- | | |
|---|---|
| 0 Exhibits repetitive vocalizations | 0 Shows little curiosity in the interests of others |
| 0 Exhibits repetitive motor movements | 0 Has difficulty engaging in conversation |
| 0 Exhibits repetitive patterns of behavior | 0 Has not engaged in make-believe play or storytelling as a young child |
| 0 Exhibits ritualistic patterns of behavior | 0 Demonstrates inflexibility |
| 0 Exhibits preoccupation with parts of body | 0 Has difficulty with transitions |
| 0 Exhibits preoccupation with objects | 0 Is sensitive to sounds and smells |
| 0 Avoids eye contact | 0 Is sensitive to unexpected or loud noises |
| 0 Stares intensely at people | 0 Is sensitive to certain clothes, fabrics, or textures |
| 0 Stares intensely at objects | |
| 0 Shows little emotional responsiveness | |

- 0 Really dislikes certain self-care or grooming activities (such as brushing hair, bathing, having haircuts)
- 0 Avoids physical contact with people
- 0 Has an extremely limited diet
- 2 Takes excessive risks while playing
- 0 Avoids getting messy in glue, sand, finger paint, tape
- 0 Repeatedly touches people
- 0 Repeatedly touches objects
- 0 Exhibits decreased awareness of pain or temperature
- 0 Is prone to accidents* (*please describe*)

- 0 Exhibits a depressed mood on most days, for most of the day
- 0 Exhibits an irritable mood on most days, for most of the day
- 0 Exhibits diminished pleasure in activities
- 0 Exhibits a decrease in appetite
- 0 Exhibits an increase in appetite
